## **ASSESSMENT EXPECTATIONS**

### **Teacher Guidelines** *as per Division Policy and the Assessment and Evaluation Handbook*

In instances where it isn't practical to speak directly to the classroom teacher due to time restrictions students are asked to speak with an administrator. It is always preferable to be done in advance but we understand that in legal, medical and compassionate situations time does not always allow for advanced warning.

<b>Submitting/Demonstrating Assessments</b>	Please submit your assignments directly to the classroom teacher or to the location determined by the teacher for submitted work on the assigned due date.
<b>Late Assessments</b>	In the event that an extension is needed, the student is required to meet with the teacher in advance, if possible to determine a mutually agreed-upon plan of action. If extensions are becoming habitual, the teacher may contact an administrator to determine the best course of action.
<b>Reassessment</b>	Circumstances may warrant the provision of the opportunity to be reassessed on an assignment, activity, or an examination in order to establish the most consistent demonstration of learning. If a student thinks this applies to his/her situation the student is required to meet with the teacher to determine a mutually agreed-upon plan of action.

## **Recommend Policy**

The following criteria must be met for a student to be considered for a recommend in each of his or her classes: student absences must fall within the guidelines in the school handbook and students are to have no more than ten lates in a semester. Although school approved absences are excluded, students need to be aware that when combined with excused and unexcused absences, school approved absences could take a student over their totals. If this occurs, a meeting between the appropriate grade level administrator and the teacher will take place to consider the absences.

All assignments and exams must be completed by their due dates and examinations must be written on the assigned date unless alternative arrangements have been made between the student and teacher in advance of the due date. The student is responsible to initiate such a request. *Completion is dependent upon the student adequately meeting the criteria of the assignment in breadth and depth.*

The number of exams that must be written are as follows: Grade ten through twelve students will be required to write a minimum of two final exams per semester regardless of the number of classes the student takes in a particular semester. *Where required, Language Arts classes written may be either in French or English.*

In grade ten a student must write one Math or Science exam and one *Language Arts* or Social Science exam as two of the four exams written; for Immersion students a minimum of one of these core exams must be in French.

During the grade eleven and twelve years combined, a student must write each of the following: one Math, one Science, one Language Arts, and one Social Science; of these four exams a minimum of two must be at the 30 level. As well Immersion students must write at least two exams in French.

If a student attends St. Mary for only grade twelve the grade twelve student exam requirements would be one Math or Science and one Language Arts or Social Science; for Immersion students one of which must be in French.
